

CONTRACT NO. RTQ-00298

Trenchless Pipe Installation and Pipe Rehabilitation Services

I. The purpose of the Qualified Pool of Vendor is to expedite selection of bidders to purchase services for two (2) different groups with subgroups categorized by pipe diameter for pipes up to 30-inch inside pipe size, pipes up to 48-inch and pipes greater than 48-inch and classifications with project experience in potable water systems or water systems and sewer systems for drainage work:

- Group 1 – new pipe installation using trenchless technology, including such construction methods as micro-tunneling, horizontal directional drilling also known as directional boring, pipe ramming, pipe jacking, moling, horizontal auger boring and other methods for the installation of pipeline and cables below the ground with minimal excavation.
- Group 2 – pipe rehabilitation and repair using trenchless technology including such construction methods including but not limited to sliplining, thermoformed pipe, pipe bursting, shotcrete, gunite, cure-in-place, grout-in-place, mechanical spot repair. Mechanical spot repair is applied where damaged pipelines require the re-instatement integrity.

II. Quote Procedures:

The County will solicit spot market quotation from qualified bidders on an as-needed basis.

All pre-qualified bidders will be solicited for price and availability of projects as needed. All individual Request for Quotes will be reviewed by Small Business Development (SBD) Division for applicable measures prior to advertising. The Office of the Commission Auditor (OCA) be copied at [oca@miamidade.gov](mailto:oca@miamidade.gov) when sending the Request for Quote to SBD. A Request for Quote will be facsimile (faxed) and/or electronic mail (e-mail) to the approved bidders by group. If required, the County shall note special project requirements. In those cases, the price quoted by the bidders shall be inclusive of any additional project costs. All bidder(s) shall be notified of the award. The three (3) day protest period is applicable to all quotations. Projects shall be invoiced against existing blanket purchase orders.

III. **Insurance Requirements:**

The Miami-Dade Water and Sewer Department is responsible for requesting insurance requirements from awarded bidders; and submitting documents to Risk Management for review and approval. All individual Request for Quote will have insurance coverage required for requested projects. Prior to issuing Request for quote, WASD should send RFQ with scope of services to Risk Management for insurance coverage requirements. No project shall commence without written approval from Risk Management.

IV. **Bid Guaranty/Bid Bond/Performance Bond:**

The Miami-Dade Water and Sewer Department is responsible for defining Bid guaranty, Bid Bond and/or Performance Bond in the Request for Quote. If so defined in the Request for Quote in an amount not to exceed 5% of the full bid price.

V. Applicable Ordinances for Quotations:

CONTRACT NO. RTQ-00298

Trenchless Pipe Installation and Pipe Rehabilitation Services

- 1) **Local Certified Service – Disabled Veteran** should be applied in accordance with Section 2-8.5.1 of the Miami-Dade County Code, a Local Certified Service Disabled Veteran Business Enterprise (VBE) shall receive a bid preference of 5% of the price bid (for the purpose of evaluation ONLY). A VBE who is also an SBE shall not receive the veteran's preference and shall be limited to any applicable SBE preferences. At the time of bid submission, the vendor must affirm in writing its compliance with the certification requirements of Section 295.187 of the Florida Statute and submit this affirmation and a copy of the actual certification along with the bid.

- 2) **Local Preference** <http://library.municode.com/index.aspx?clientId=10620&statelid=9&stateName=Florida>:  
(Section 2-8.5; also applicable to Broward County vendors)

Additionally, a Locally-Headquartered Business shall mean a Local Business as defined above which has a "principal place of business" in Miami-Dade County. "Principal place of business" means the *nerve center or the center of overall direction, control, and coordination of activities of the bidder*. If the bidder has only one business location, such business location shall be its principal place of business.

- 3) **Cone of Silence** <http://library.municode.com/index.aspx?clientId=10620&statelid=9&stateName=Florida>; (Section 2-11.1)
- 4) **UAP/Inspector General Fees** <http://library.municode.com/index.aspx?clientId=10620&statelid=9&stateName=Florida>; (Section 2-8.10)

VI. How to Apply Bid and Local Preference to Quotes, if applicable:

- 1) Bid preferences shall be given to bidders that are identified as certified SBE/Micro, if applicable. The bid preference shall be calculated and subtracted from the total quote price or item. This difference shall be used in evaluating the quote. The bid preference is used only to calculate an amount to be used in evaluating the quote and does not affect the quote price. **EXAMPLE:** Quote Total Price \$1,000 x 10% = \$100.00 - \$1,000.00 = \$900.00.
- 2) Whenever a quote contains both, Bid Preference (SBE/Micro) and Local Preference, departments must apply the bid preference first. Follow the Administrative Guidelines stated.
- 3) Whenever a quote contains both Local and Locally Headquartered Firms: If the apparent low bidder is a non-local firm and the locally headquartered firm prices are within 15% of the low bidder, department must proceed to apply locally headquartered preference and obtain the "Best and Final" (BAFO). Similarly, if a Local firm is the lowest bidder and a locally headquartered firm is within 5% of the local firm lowest price, department must proceed to apply locally headquartered preference and obtain the BAFO in accordance with Section 2-8.5 of the Miami-Dade County Code.
- 4) For purposes of the solicitation, an order involves one or more items, which are part of a solicitation, and is accompanied by quotes from participating bidders contacted for that solicitation. The lowest bidder within the contacted group will be awarded the order. If one or more items on an order are determined to be unavailable from a bidder who has offered the best and lowest pricing for that order, the entire order may then be placed with the bidder with the best pricing who is able to completely fill the order. An item will be determined to be unavailable if a bidder is unable to deliver that item within the period specified in the department Request for Quote Form. The award of the order to one bidder does not preclude the ability of the remaining prequalified bidders from submitting offers for other orders as requested by the County departments.
